

Stephanie I. Bosco, OhioCED

Most recently Stephanie Bosco served as the Economic Development Manager for the City of Grove City. Bosco's primary responsibilities included creating and implementing a robust Business Retention and Expansion plan and attracting and retaining industrial base businesses. Additionally, Bosco formed the Grove City Human Resources Committee to engage employers with workforce solutions build a pipeline to workforce.

Bosco previously served as assistant director and interim-executive director for Grow Licking County CIC. At GROW Bosco led site selection visits, designed and implemented social media campaigns and communications designed to attract and retain businesses and created lasting recognition of Licking County with developer-directed communication. Bosco also stood up a formal annual Business Retention and Expansion plan.

Bosco started her economic development career in 2010 as project management specialist for One Columbus, formerly known as Columbus 2020, the regional economic development organization for central Ohio. Among her responsibilities, Bosco managed site selection for region- and state-level leads and assisted local economic development organizations with site-readiness and redevelopment.

In July of 2022, Bosco earned the Ohio Certified Economic Developer (OhioCED) credential.

Before moving to Columbus in 2003, Bosco graduated from the University of Cincinnati and currently lives in the City of Bexley with her husband and daughter.
